

Preliminary Amendment for New  
Continuation Application of USSN 10/010,556

Amendments to the Specification:

At page 3, replace the existing paragraph beginning at line 3 and extending through line 7 with the following new paragraph:

This application is a continuation of co-pending United States patent application serial number 10/010,556 filed November 8, 2001 which is a continuation of United States patent application Serial No. 09/295,894, filed April 21, 1999, now US 6,384,736, which based on and is a continuation-in part of my co-pending U.S. utility United States patent application Serial No. 09,132,456/09/132,456, filed August 11, 1998, now abandoned, and which is, in turn, a continuation-in part of my which is based on and claims the benefit of provisional United States patent application serial number 60/083,597, filed April 30, 1998.

At page 16, replace the third and fourth paragraphs spanning lines 6 through 11 with the following two paragraphs:

Figure 12 is a perspective view showing one type of mounting for a display sign constructed in accordance with and embodying the present invention; and

Figure 13 is a fragmentary perspective view showing a modified form of display sign constructed in accordance with and embodying the present invention;[.] and

At page 16, insert a new paragraph immediately following the fourth paragraph as follows:

Figure 14 is a vertical sectional view showing the relationship of the display panel and a transparent cover plate therefor used in the system of the present invention.
